Santa Sighting on Amateur Radio!

Talk to Santa Claus via amateur radio.

Justin and dad were able to so a few days ago. Santas' busy radio schedule will be from December 12 – 24, 2008. <http://www.wo6t.com>

If you do not have HF amateur radio access, contact an amateur radio operator that does, including KI5DQ.

Children (and grown children) will enjoy it.

Largest Christmas Tree in the world

This is the largest Christmas tree in the world! It is the Gerbrandy tower in IJsselstein, The Netherlands, which is a radio and TV transmitting tower, and in selected years the company operating it hangs these Christmas lights off it. It is 375 meter high and you can see it for many kilometers around. It's a very impressive sight to drive past on the highway.

Amateur Radio Tower, the star is about 66' high.
